

EUROSTUDENT IV

Second meeting of the Steering Board

24th September 2010
Federal Ministry for Education and Research
Berlin
Germany

Agenda (draft)

Update: 10.09.09

1. Status of participation and data delivery

We will provide a brief update on the number of country participants and the current status of delivery. We will also describe our procedures for quality control.

2. Preparation for data analysis and reporting

We will present a paper on the EUROSTUDENT reporting, dissemination and exploitation strategy for discussion with the Steering Board. Members will be asked their opinion on this strategy and asked for recommendations on how to achieve some of the goals.

> The paper will be sent to members by 17th September

3. Plans and discussions on EUROSTUDENT V

Although the project has established itself as a major source of data on the social dimensions of European higher education, we are having difficulty assessing the possibilities for funding a further round of EUROSTUDENT. As it is a project which is continuing into a further round and not a new project, we think that it is not eligible for funding via the Lifelong Learning Programme (LLP).

What are the possibilities? The options are EU funding and part-funding through participant countries (either as entry fee or funding from leading partner countries like Germany). We would like to collect options and make an initial plan for action on the basis of suggestions and recommendations by Board Members.

4. Proposal for final conference to take place at Statistics Switzerland, June 2011

5. Any other business

6. Date of next meeting
