

## INTENSIVE SEMINAR ON DATA DELIVERY

25<sup>th</sup> to 27<sup>th</sup> of September 2013, at Institute for Advanced Studies Vienna

### Agenda

All participating country teams are asked to answer some questions about their specific knowledge on calculating indicators for the data delivery in EUROSTUDENT V (see email). According to that, the workshop's schedule will be adapted to the needs of the participating. Therefore, there is no preliminary schedule, but the seminar will start on **Wednesday, September 25<sup>th</sup> at 10:30** and will last until **Friday, September 27<sup>th</sup> afternoon, around 16:00**. We encourage all participants to take part in all working sessions. The exact schedule will depend on the participants' demands and expectations and will be sent out as soon as we received answers to the following questions from all participating country teams:

1. What do you expect from the WS?
2. What do you want to learn?
3. Please give a brief update on your current state of E:V (data collection, sampling method, data cleaning, weighting scheme)
4. Please give us some details on your SPSS skills (syntax programming, usage of common commands, custom tables, etc.)
5. Which version of SPSS do you use and how often do you work with SPSS?

### Information on eligible costs

The central EUROSTUDENT budget will cover the costs of execution of the workshop, hotel and food costs of all participants during the 3 days. Participants will have to cover only their own travel costs to and from the location.

In case there is no reasonable connection to Vienna on Wednesday morning and you have to arrive on Tuesday evening, EUROSTUDENT can cover costs for the extra night, since we want all partners to participate from the beginning to the end of the workshop. These possibilities are limited; therefore please get in contact with us as soon as possible in case you want to make use of this possibility!

## Workshop Venue:

Institute for Advanced Studies (IHS)  
Stumpergasse 56  
1060 Vienna, Austria  
<http://www.ihs.ac.at/vienna/>
